**Continuity**

Our circuits combine safety, durability, and performance across protection devices, control components, and panel accessories.

Trinity Touch is a leading product manufacturer and solutions provider for Industrial Electrical applications. The organisation provides its high-quality products and solutions to various industries such as Panel Builders, Machine Builders, Renewable Energy & Telecom, to name a few.

\*Manufacturing plant at Palwal, Haryana

Trinity Touch has three business areas that have become technology or market leaders in their respective areas of application:

### Cabinet Plus

for Electrical & Electronic Components.

### Solutions

Solar Solutions, Wind Solutions, Telecom Solutions etc.

### EV Solutions

Electric Vehicle Components & Charging Infrastructures.

With a national and global presence, Trinity Touch services the needs of its customers, exporting its wide range of products to over 20 countries. The company has a production capability of over 10 production principles, including extrusion, moulding, stamping, and plating.

## Solutions

Trinity Touch provides market-leading electrical solutions for various applications. It also provides technological solutions for industries such as Solar, Wind, Railways, Telecom and EV Solutions. The company has successfully supplied over 75 GWp worth of solutions in the solar industry worldwide. Most recently, Trinity Touch has launched a range of completely indigenized charging cables. Trinity Touch has been working with Electric Vehicles since 2018 with an aim of addressing the growing environmental concerns.

## Products

Trinity Touch is one of the leading manufacturers of various items used in the control cabinet industry. The focus primarily includes industrial-grade enclosures, cable glands, wiring ducts, DIN rails, solderless terminals, interface modules and timers, to name a few. Some of its prestigious clients for these products are from the leading system integrators, panel builders, machine builders and industrial corporations globally.

### Approval awarded to all Trinity Touch Products

FRLS

ARAI

Trinity Touch continues to advance with innovation, reliability, and customer-centric engineering. The company's latest addition, the Miniature Circuit Breaker (MCB), reflects its commitment to delivering world-class electrical protection that is safe, affordable, and effortless to use.

Designed to safeguard your home, workplace, and every space you care about, the Trinity Touch MCB brings complete peace of mind with its robust performance and trusted protection.

With advanced technology, precision engineering, and superior build quality, the Trinity Touch MCB delivers reliable circuit protection for all applications. It fully complies with Indian and global standards and proudly carries the ISI mark; your assurance of safety and quality.

## Why Choose the Trinity Touch MCB?

Superior aesthetics that stand out from the competition.

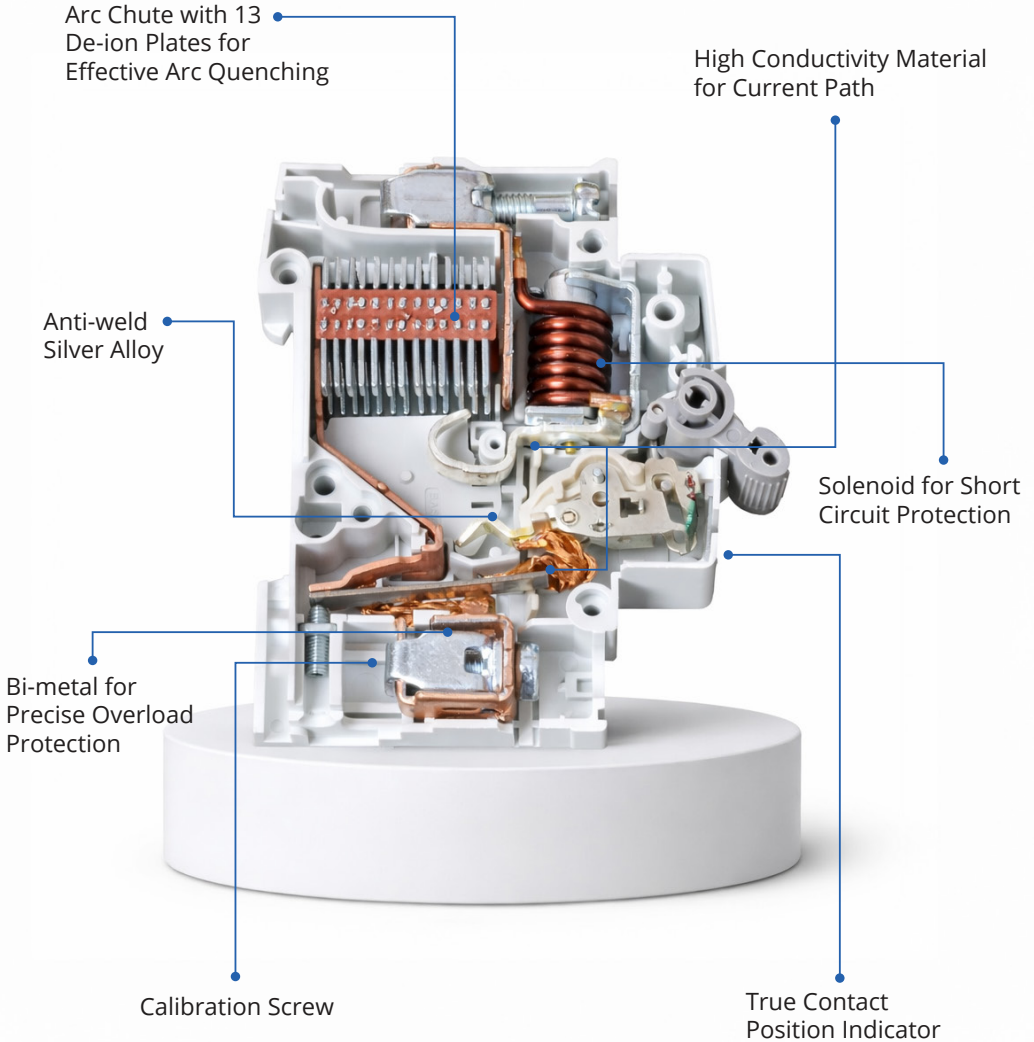

Crafted for India's unique challenges, proudly made in India.

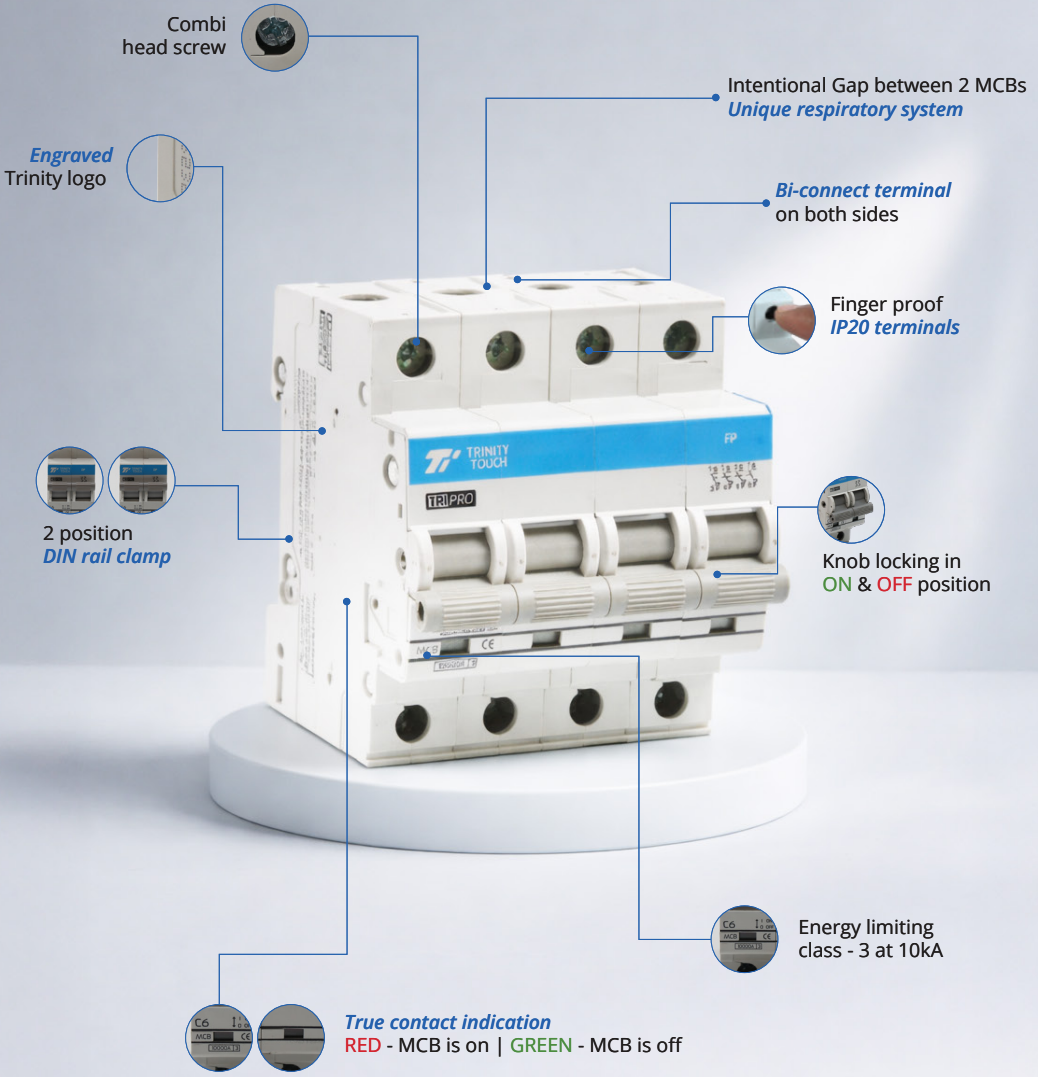

## Protection You Can Trust. Features That Make the Difference.

- Quick-break mechanism for rapid fault clearance.
- True contact position indicator for clear, accurate status visibility.
- Isolation suitability ensures safety during maintenance.
- Energy Limiting Class 3 for enhanced protection during high-energy faults.
- Anti-weld silver alloy contacts supported by 13-plate Deion arc chutes for superior arc quenching.
- Fire-retardant engineering plastics for added safety in all conditions.
