

Nylon Soft Blow Hammers

- **Materials :** Metal head, M/S Silver Zinc plating, tips nylon tempered impact resistant, handel, seasoned wood with wedge and oval Anti-Swivel design. (Class Timber ISS 620-1965).

All tips are single moulded without any metal inserts so as to soften the blow and prevent any damage in case of misdirected blows.

Specialy designed seating between tips and metal head to prevent chipping and cracking from misdirected blows spreading the impact evenly across wide surface area.

Used, due to the easily interchangeable heads, as a multi purpose striking tool in most assembly applications including engineering, furniture, assembly shop, partitioning, double glazing, injection moulding dies etc.

- **Color :** Natural

- **Certification :** CE, RoHs, Reach
