Elettro: Your Reliable Source for Electrical Panel Accessories

Introduction:- Elettro is a reputable brand in the electrical industry, specializing in the production of a diverse range of high-quality electrical panel accessories. With a commitment to innovation, reliability, and customer satisfaction, Elettro has established itself as a leading provider of essential components for electrical panels. The company's website, <https://www.elettro.in> serves as a comprehensive platform where customers can explore their extensive product catalog and access valuable information and resources.

Product Range:- Elettro offers an impressive array of electrical panel accessories that cater to the needs of various industries and applications. Their product range includes air vents, junction boxes, flexible conduit pipes, cable ties and much more. From miniature components for compact panels to heavy-duty accessories for industrial setups, Elettro ensures that their offerings meet the highest standards of quality, performance, and safety.

Quality and Reliability:- Elettro quality and reliability are at the core of their operations. The company employs rigorous quality control measures throughout the manufacturing process to ensure that every product that leaves their facility meets stringent industry standards. By utilizing cutting-edge technology, superior materials, and advanced testing methods, Elettro guarantees the durability and performance of their electrical panel accessories, ensuring they can withstand demanding environments and provide reliable electrical connections.

Innovation and Customization:- Elettro understands the importance of staying ahead in a rapidly evolving industry. With a team of skilled engineers and designers, the company continuously innovates to develop new and improved products that meet the evolving needs of their customers. Furthermore, Elettro offers customization options, allowing clients to tailor their electrical panel accessories to specific requirements. This commitment to innovation and customization sets Elettro apart as a trusted partner for clients seeking specialized solutions.

Conclusion:- Elettro is a leading brand in the electrical industry, renowned for its extensive range of high-quality electrical panel accessories. With a commitment to quality, reliability, and innovation, the company has become a trusted partner for clients across diverse sectors. Whether you need components for residential, commercial, or industrial applications, Elettro's comprehensive product catalog and dedication to customer satisfaction make them the go-to choice for all your electrical panel accessory needs.

We have Certifications

Elettro is proud to present its latest range of Electrical Panel Board Accessories, designed to meet the highest standards of safety, reliability, and efficiency. Our commitment to quality and innovation ensures that every product in our catalog exceeds customer expectations and complies with industry benchmarks.

Certified Quality and Approvals :

All our electrical panel board accessories are crafted with precision, adhering to stringent manufacturing processes. They carry the necessary certifications and approvals from recognized authorities, ensuring compliance with global standards. The certifications our products hold are a testament to their durability, high performance, and safety under varied operating conditions.

OUR
COMMITMENT

Our Team

At Elettro, our motivated team thrives in a dynamic, collaborative environment, fostering innovation and excellence. United by passion and diverse perspectives, we craft cutting-edge electronic accessories, driven by a shared commitment to excellence.

PRODUCTION HOUSE

Elettro's advanced production house ensures high-quality electrical panel accessories with precision and durability. We focus on innovation, reliability and strict quality control.

SELF ADHESIVE GASKET TAPE

HSN CODE: 39199020

PRODUCT SPECIFICATIONS

- Self Life : 1 Years
- Adhesive Side : Single Side
- Peeling Strength : >550gms / 25mm
- Material : EVA FOAM
- Tape Type : Single Side Gasket Type
- Adhesive Type : Pressure Sensitive
- Colour : Black

PRODUCT SPECIFICATIONS

- Use commonly in sealing Industrial electrical panels, compartments with application even in Bus & Truck body, these Tape most commonly use EVA Foam as the substrate and are coated with an Acrylic Adhesive , Commonly Available in Black Colour .
- Thickness : 2mm, 3mm, 5mm, 6mm , 8mm & 10mm
- Widths : 12mm to 100mm.
